

AEROCURTAIN™

Trailer Side Skirts

Improves Fuel Economy by 5% to 8%
(Average 6.13% in EPA SmartWay / SAE J1321 Track Testing)

Effective

*Proven "real world" fuel savings of over 6%
Awarded the EPA's highest rating ("Advanced")*

Durable

*Tough thermoplastic skin flexes to absorb impacts
Steel cable framework is nearly indestructible*

Light Weight

*The lightest trailer skirts - just 135 lbs per set
Allows for greater freight payload*

Easy to Install

*Can be completed by one person in two hours
No special tools - no drilling into the trailer*

Affordable

*Lowest purchase / delivery / installation cost
Fastest return on investment*

"The Kodiak AeroCurtain
whipped the competition

in every area we tested. It works, it's affordable, and
it's tough as rocks."

-D. Wilson, major fleet maintenance manager
